Address: **E1557 Grandview Road, King, Waupaca**
Price: **Check with seller**

The Honeywell status indicator Gas valve LED shows a "flammable vapor sensor lockout." We haven't used any gasoline nearby, so the sensor must have failed.

The unit was purchased from Menards on 10/30/14. It has a six-year limited warranty. Please call Jim at 262-510-6679 if you can help us as we do not have hit water.
Thanks
