1999 Ford Mustang V6 35th Anniversary. AUTOMATIC.

Car drives very well, in good shape. No mechanical issues, starts right up and drives smoothly. AC/Heat work great. Has great tires and RETRO 35th Anniversary wheels. Clean title. Only 139k miles. Headliner could probably use replacing. Has a few minor indentations on the roof from my toddler son standing on it (thanks to his mom). Other than that, it's in great shape for a '99. EXTREMELY reliable.
